Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 05 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Scattered showers with some longer thundery downpours Friday.

This Evening and Tonight:
A band of daytime heavy showers moves eastward during the early evening, but some scattered showers remain throughout the night. A cloudy night and feeling warmer. Minimum temperature 15 deg C (59 deg F).

Friday:
Slow moving showers develop throughout the day leaving some longer periods of thundery rain, particularly in the afternoon. Sunny spells possible between downpours. Maximum temperature 19 deg C (66 deg F).

Outlook for Saturday to Monday:
Further slow-moving showers on Saturday and Sunday with times of more persistent rainfall. Continued showers on Monday with some scattered sunshine between downpours.
